2C - Dual Circuit¹

DESIGN

The LE Series LED Exit Sign is a compact, low-profile design. Ultra bright energy efficient LED technology with red or green LED's. Universal mounting canopy snaps into place making for quick and easy installation. Snap-out chevron direction indicators.

TECHNICAL INFORMATION

Fixture features an injection molded, engineering grade, V-0 flame retardant, high impact thermoplastic finish. Dual 120V/277V voltage. Charge rate/power "ON" LED indicator light and push-to-test switch for mandated code compliance testing. Low Voltage Disconnect (LVD) prevents battery from deep discharge. Internal solid state transfer switch automatically connects the internal battery to LED board for minimum 90 minute emergency illumination (B¹ Model Only).

Notes: 1-"B" Model is a fixture ordered with the optional battery back-up.
